

New Sentinel Rail Cards

30/10/2013

0 Comments

Last week Mark completed his PTS and DCCR rail competence courses. This week we have all received our new Sentinel rail cards, these are designed to allow all staff to be checked in and out of network rail sites using a standard smart phone app. We shall see how this rolls out!

Work this week includes, measured building survey for a domestic extension, river cross section survey, topographic update survey and railway bridge scour protection surveys.

Off to the Isle of Man next week for river scour survey.

One of this weeks scour protection surveys

And another larger structure surveyed this week
